

A photograph of a Space Shuttle launching from a launchpad. The shuttle is ascending vertically, leaving a bright, intense trail of fire and a massive, billowing cloud of white smoke and steam. The launchpad structure is visible at the base of the shuttle. In the foreground, there is a body of water reflecting the shuttle's ascent. To the right, a tall, slender water tower stands against the sky. The sky is a clear, deep blue with some light clouds.
